

10-21-25

Mayor and Aldermen of Vicksburg: I live on Western
Dr here in the city. I am requesting
attendance with speaking privileges in
any upcoming meetings to be held. Holding
a public meeting as well should follow
our meeting in the future. I believe the
citizens of Vicksburg need clarification
regarding increases in trash collection
and natural gas. Ideally, the public
meeting should be a question/answer type
to address real concerns without an agenda
by the city. Thank you for your consideration.
