Re: Proposed Exterior Stair at Washington Street, Vicksburg, MS

Mr. Richardson,

As you are aware we received a bid for the above referenced project on August 01, 2016.  
We received 1 Base Bid as follows:

**Fordice Construction Company: Eighty Three Thousand, Five Hundred and Fifty Dollars (\$83,550)**

Our final construction document phase estimate that we prepared on June 16, 2016 estimated the total Base Bid Cost to be \$81,140. This Bid received exceeds our Base Bid Estimate by \$2410. We have compiled the bid results on the attached certified bid tabulation for your records.

We also received pricing for 1 Deductive alternate. This Alternate involved deleting the Galvanized Finish on all exposed steel in lieu of Shop Priming and Painting. This Alternate was priced by the Contractor as an Additive Alternate which would increase the contract price if accepted. The alternate Bid for this scope of work is as follows:

**Fordice Construction Company: Five Thousand and Twenty Five Dollars (\$5,025)**

We recommend that you accept the Base Bid from Fordice Construction and award a contract for Eighty Three Thousand, Five Hundred and Fifty Dollars (\$83,550).

This recommendation is based off our opinion of what we feel is in the best interest of the project. Should you have any further questions or request of our office, do not hesitate to contact us at your convenience.

Respectfully,

A handwritten signature in blue ink, appearing to read "William L. McElroy".

William L. McElroy AIA, NCARB
