Sole Source Service Memo

Date: 5/4/2016  
RE: Sole Source Letter

May 4, 2016

To Whom It May Concern:

The purpose of this letter is to confirm that Stryker Medical is the original equipment manufacturer and sole source supplier for all EMS parts, service and Stryker EMS products.

All parts are either manufactured at Stryker or manufactured by an outside supplier specifically for Stryker. Stryker employs its own Field Service Team to perform maintenance on our products, using only new OEM parts for each repair.

All tooling is calibrated, documented and controlled by Stryker home office in Kalamazoo MI. Calibration records and training records are available upon request.

All service repairs are documented and reviewed by our Quality Team for compliance. All repairs are tracked and trended, as well as audited by Government Agencies to ensure only the highest level of safety for our customers. PM and service history documentation is available upon request.

Please feel free to contact me with any questions.

Thank you,

*Tom Tackabury*
