Re: Mayor and Board of Alderman Meeting

Dear Mr. Osborne:

This year United Way of West Central Mississippi, Walmart and the Salvation Army are partnering to launch a school supply drive entitled, "Stuff the Bus" from July 10th until August 5, 2017. This project will assist some of the children in our community who are in need with backpacks and school supplies.

We are asking you to become a participant in this project by agreeing to be one of our "drop off sites". This will allow the citizens in our community to purchase school supplies and have the option to leave their donations at various locations.

The supplies collected through August 5th will be distributed to the students in Vicksburg Warren School District.

If you agree to participate in our "Stuff the Bus" project your logo will be included in our advertising for the program, on our website and on our distribution flyer. We will provide you with flyers and signs for your bin or box placed prominently in your facility.

Thanks for your past support and your anticipated continued support.

Sincerely,

Shannon Royal  
Community Impact and Events Coordinator
