10 January 2018

Mayor George Flaggs,

Thank you so much for taking the time Tuesday to discuss robotics in Vicksburg, specifically the high school level community based team 456 Siege Robotics.

We are requesting \$2,500 sponsorship from the City of Vicksburg. This sponsorship will help support the costs for building the robot and competing at the Orlando Regional in Orlando, FL 8-10 March and the Bayou Regional in New Orleans, LA 22-24 March. FIRST released the challenge Power Up on 6 January starting a 6-week period we have to complete the build of our competition robot.

The seal of Vicksburg will be displayed on our website's sponsors page, new banner that will be displayed in our shop as well as at any event or demonstration we attend, and any print materials we hand out. The City of Vicksburg will also be listed as part of our team name at events.
