Re: Run Thru History

Dear Walter and Chief Moore:

The Run Thru History is scheduled for Saturday, March 3, 2018.

This letter is to request permission by the Board of Mayor and Aldermen and assistance by the Vicksburg Police Department in traffic control. The race course is being altered this year and will start and finish in the Vicksburg National Military Park. However, parking along the Frontage Road, Clay Street, and nearby properties will need to be made available. Moreover, the intersection of the Park and Clay Street will be busy with pedestrians crossing back and forth. We are requesting the partial closing of one lane of the Frontage Road and Clay Street from the Park entrance to the Battlefield Inn for parking and pedestrian traffic. We are also requesting assistance with pedestrians crossing the intersection of Clay Street and the Park as they enter and leave the park for the run and walk start and finish. The time period this assistance is needed is from 7 am to 10 am. Traffic cones as provided last year are needed as well.

Thank you for your consideration. If I can provide any further information please call.

Sincerely,

TELLER, HASSELL & HOPSON, LLP

B. BLAKE TELLER
