

JOIN THE FIGHT TO HELP 'STRIKE OUT CHILD ABUSE'

Through an amazing partnership between the Vicksburg Girls Softball Association and RipTide Softball, a softball tournament has been created to support The Exchange Club of Vicksburg Child And Parent Center and "Strike Out Child Abuse."

But, that partnership is not complete. We need you.

As a tournament sponsor, you and your business will not only receive visibility at the tournament and in promotional materials and announcements, you will also have a hand in supporting the tremendously important work done each and every day by the CAP Center.

This tournament, which will be played Saturday, Oct. 13, is organized through the Fastball America Softball Association, and played right here in Vicksburg. The tournament is already attracting some of the very best softball teams from Mississippi and surrounding states, and the fans who support them.

Thanks to RipTide, 100 percent of the proceeds — that's right 100 percent — will go to support the CAP Center and its programs. These proceeds include team entry fees, admission and profit from the tournament's concession stand.

It is our hope — and that of those already supporting this tournament — that this event can be a game changer for the CAP Center. And, we would hope you would join on.

With your support, we know we can make a difference and help "Strike Out Child Abuse."

To join as a \$100 sponsor and learn more about how you can help, contact Mike Foley (870-208-6260) or Jeremiah Pant (915-780-9601).

The CAP Center offers hope and help to families in needs of support and guidance to prevent child abuse and/or neglect.

Through the joint efforts of the Exchange Club of Vicksburg and the Warren Council for Child Advocacy, the CAP Center was opened on March 4, 1985. The CAP Center is a private, non-profit agency committed to preventing child abuse and neglect. The CAP Center assists families within Vicksburg and Warren County in developing healthy, non-violent parent-child relationship.
