Dear Office of Mayor
City Hall
1401 Walnut Street
Room 305
Vicksburg, MS 39180

Let me take the time to introduce you to the **Warren County Bulls** Basketball Program. The newly formed **Warren County Bulls** is an AAU Basketball Program comprised of boys and girls ages 8 to 16. The founder/coach Anthony Lumpkin is a retired professional basketball player that grew up in the Vicksburg area. His passion for sports and his dedication to our youth is the driving forces that lead him to begin this organization. Coach Lumpkin's primary goal when starting this team was to begin a feeder program that would in conjunction with the City of Vicksburg help develop basketball skills, as well as to teach the players field competition at different levels. Through this organization he not only strives to teach them the fundamentals of basketball but also promote teamwork, self-esteem, confidence, and leadership. These skills are valuable not only on the court but also off the court.

Being part of the AAU Basketball Organization we have a chance to travel to different cities and states for highly competitive tournaments. Our organization has already garnered some national attention in our short existence. We are very proud of our achievements and hard work thus far. However, there are many expenses connected with running a competitive team. To successfully achieve our future goals, our team is asking financial support from individuals and businesses to cover cost for uniforms, equipment, travel, and fees for tournaments. Currently we are seeking sponsorships at various levels and request \$2,000 from the City of Vicksburg.

Thank you for considering sponsorship of the **Warren County Bulls**'s AAU program. For your sponsorship, we will place the City's logo on our travel banner. We could not do it without the support of our Vicksburg Community. We welcome the opportunity to speak with you further about our organization. Please contact Anthony Lumpkin [601.218.8520](tel:601.218.8520) or Cassandra Lumpkin Team Administrative Representative [601.218.5665](tel:601.218.5665).

Sincerely,

Anthony Lumpkin
